# C. OF C. MEMBER DRIVE IS ON St Paul's Church Dedication Sunday

## Bishop Charles W. Burns Officiates At Dedication

Special Programs Are Arranged for the Opening Services—  
Many Visiting Ministers of Coast Cities to Be Here for  
Big Opening.

The dedication of the St. Paul's Community Church will be held next Sunday afternoon at 3 o'clock. This beautiful building, which is located on the corner of Spruce and Miller streets, marks a wonderful step in progress. The services Sunday will be in the form of worship, with the official dedication talk, bishop's charge to the church and presentation of the church given by the Reverend Bishop Charles Wesley Burns.

The church, when completely furnished, will represent a plant worth approximately \$50,000. Its exterior is of stucco and slate roof. The interior is beautifully designed, the main room being a large auditorium, with a dome effect ceiling. A spacious balcony is in the rear, forming a circular appearance. Everything is in keeping with modern church architecture. Circular seating is used in the auditorium and the floor is beautifully carpeted.

There are three entrances to the main building. An imposing entrance is situated at the corner, while two others are located at the sides. Windows harmonize with the exterior and interior of the church and are of beautiful art glass, portraying sacred scenes.

### Construction of Church

The construction of the church was under the supervision of Rev. Asa P. Beall, J. O. Snyder, president of the board of trustees and chairman of the building committee; I. H. Potter, trustee and president of the official board; Blanche Sullivan, secretary, and Charles Ledwith, treasurer. The church architects were Wythe, Blaine and Olson and the contractor and builder, C. H. Lawrence.

### Gymnasium Is Feature

feature of the church is the large gymnasium, which is arranged so that it can be converted into a social hall or lecture room. A fully and completely equipped kitchen connects to this room. The kitchen and entire furnishing of the church was supervised by the women of the Ladies' Aid Society.

### Dedication Services

The program for the dedication services is:

Selections by orchestra.  
Hymn 461, "How Firm a Foundation."

Prayer—L. L. Loofbourrow of Burlingame.

First Scripture Lesson—Martindale Woods, San Mateo.

Second Scripture Lesson—P. T. Lynn, San Jose.

Third Scripture Lesson—A. C. Stevens, San Francisco.

Psalm 122—Led by Walter Morritt, San Francisco.

Anthem—"Awake My Glory," by Skeeley.

Greetings—Visiting ministers and friends, including Dr. Warner and Bishop Burns.

Tenor Solo—"Open the Gates of the Temple," by Judge J. G. Walker.

Bishop's charge to the church, presentation of church and formal dedication of the church by bishop.

Hymn 298—"I Love Thy Church O God."

Benediction.

The services will start promptly at 3 p. m. Bishop Burns, who will be the main speaker, was chosen bishop when pastor of a great city church. He is now bishop of the San Francisco area. He is a very popular orator and sparkles with genius of humor.

"My people and I rejoice that Bishop Burns is to officiate at this meeting," Rev. Asa P. Beall told The Enterprise representative today. "We feel particularly grateful toward the bishop that he canceled other engagements to fill this one. I am sure our people will wish to hear him."

Dr. Carl M. Warner, superintendent of the San Francisco district, is another of the main speakers. Dr. Warner is one of the strong men of the conference and has held some fine appointments. He was advanced to his present office while in charge of the

### EQUALIZATION BOARD MEETING

At a meeting of the board of equalization of the board of trustees only routine business was taken up last Monday evening.

The filing of a petition for the recall will be made with the board at their meeting on September 8. The petition will be presented to the city clerk sometime this week for his verification of signatures.

According to an ultimatum issued by Mayor H. F. McNellis recently to Police Chief Louis Belloni, the chief has until next Monday to clean up alleged undesirable places and persons in this city.

The recall petition is directed towards Mayor McNellis and Trustees Carl Blank and Hugh McCaffrey.

## Carmody Sisters Leave For Islands

Misses Helen and Margaret Carmody left last Saturday for Honolulu on the steamer President Pierce. The two will take up teaching in the islands. For the past few years they have taught on the San Francisco Peninsula, Helen having a position in the local schools, while Margaret was in Burlingame.

The two ladies have a host of friends and many came to the pier to wish them bon voyage. The party included Rev. J. P. Moran, Miss Mary Moran, Messrs. and Mesdames J. Mager, E. N. Fourcans, H. Harl, Misses Emily Fourcans, Beatrice Eikerkotter, Minnie Foley, Mildred Foley, Alberta Mitchell of San Rafael, Beatrice Matteson of Oakland, Alda Swanson of Berkeley, K. Holland of Merced, Theresa Morazzini, Gladys and Zelda Furey of Crockett, Lucile White of San Francisco, Mesdames W. Anderson of Burlingame, Matteson of Oakland, Messrs. Charles Starck and Byrne McSweeney and the two girls' family.

### WOMEN'S FEDERATION HOLDS FIRST MEETING

The San Mateo County Federation of Women's Clubs held its first meeting of the year last Wednesday afternoon at Metropolitan Hall. Dr. Mariani Bertola, state president, was the guest of honor and gave the main address. Mrs. W. L. Sales, district president, outlined the plans and policies of the club for the coming year. A solo by Miss Da Prato was given.

Grace M. E. Church at Sacramento, where he had a very successful pastorate.

### Other Services

Regular services will be held Sunday morning. Sunday school, under the superintendence of Mrs. A. P. Beall. At the first church services, which will be held at 11 a. m., Bishop Burns will deliver the sermon. At the evening services, which start at 7:30, Dr. Warner will deliver the address.

### Special Services

On Thursday, September 3, services will be given and Dr. A. C. Stevens, pastor of the Grace M. E. Church of San Francisco will deliver the message. Friday, the 4th, a young people's service will be held in the evening. Jim McGiffin, conference league secretary, will give a talk and Dr. J. W. Sherman will deliver the address. Prof. Claudio's orchestra will furnish the music. On Sunday, September 6, a special Labor Day service will be held. John Williams, state labor commissioner, is co-operating with the pastor, Rev. A. P. Beall, to make this an inspiring occasion. Rev. E. P. Dennett, editor of the California Christian Advocate, will be the principal speaker.

## New Committees Are Appointed By C. Of C. Here

Advisory Board, Public Welfare, Civic Educational Committees Are New Phases for Local Chamber of Commerce.

By E. YOUNG

Secretary South San Francisco Chamber of Commerce.

The board of directors of the South San Francisco Chamber of Commerce, at its meeting Thursday, August 29, suggested the following important committee appointments for the purpose of insuring (1) the ablest advice in the conduct of its business, (2) the public welfare and the protection of life and property of the community, and (3) the perpetuation of the organized civic life of the community:

### Advisory Board

J. W. Mason, chairman, president Western Pipe and Steel Company; Paul Shoup, vice-president Southern Pacific Company; W. P. Fuller, Jr., president W. P. Fuller Company; C. J. Hooper, president Western Meat Company; Em. Kardos, general manager, Metal and Thermite Corporation.

### Public Welfare Committee

I. H. Potter, chairman, president Bank of South San Francisco; Em. Kardos, general manager, Metal and Thermite Corporation, representing the industries; Father James P. Moran, priest, All Souls' Church; John Dooley, steel worker, representing labor; Rev. A. P. Beale, pastor St. Paul's M. E. Church; B. H. Truax, fire chief and real estate; D. W. Ratto, real estate.

The name of the committee is indicative of its purpose. Its policies will be formulated for the common welfare and the protection of life and property of the community.

### Civic Educational Committee

Dr. J. C. McGovern, chairman; Guy J. Roney, Mrs. E. C. Peck, A. Hynding, H. A. Cavassa, Miss Edna Young, Joseph Quinlan.

Purpose: To bring the youth of the community into its civic life. Its duties are to select and induce the young men and women to serve on the various committees of the chamber of commerce in order that they may obtain a knowledge of procedure and of the problems—both economic and governmental—of the community.

In a word, it is the purpose to train the youth to take our places and carry on when we are through.

The following resolution was adopted by the welfare committee at a meeting held Friday morning: Whereas, the public welfare committee was appointed by the South San Francisco Chamber of Commerce for the purpose of formulating and adopting policies for the common welfare and the protection of life and property of the community, and

Whereas, the South San Francisco Chamber of Commerce has instructed this committee that the chamber takes no part whatever in politics—nor can it as an organization—but that its public welfare committee has been selected to represent every element of the community, and

Whereas, this committee has accepted its responsibilities after a thorough discussion of its duties and the manner in which the purposes of the committee could best be accomplished,

Now Therefore Be It Resolved, that the public welfare committee of the South San Francisco Chamber of Commerce does hereby offer its co-operation and council to the board of city trustees and its police department and fire department in the interest of the common welfare and the protection of life and property of the community, and

Be It Further Resolved that a copy of this resolution be forwarded to the city trustees, its police department and fire department.

The local fire department was called out twice during the past few days to extinguish a fire at the corner of Linden and Juniper Avenue Friday evening at 7 p. m. and another fire at the corner of Maple and Miller Avenue on Tuesday at 4:30.

Bishop Charles Wesley Burns, D. D., L. L. D., who will officiate at the dedication of the St. Paul's Community Church Sunday.

## Mrs. Campbell Talks To San Mateo Co. P.-T.

Mrs. Ward Campbell, president of the Oakland Federation of Parent-Teacher Associations, was the principal speaker at the first meeting of the season of the San Mateo County Federation of Parent-Teacher Associations held on Friday afternoon at San Mateo. The newly elected president, Mrs. L. G. Owen, was in charge. Other speakers included Mrs. Mabel Gresson, child hygiene chairman; Mrs. A. D. McLellan, membership; Mrs. Beulah C. Schindler, publicity; Mrs. W. H. Levings, home; Mrs. Emmett Jones, emblem and magazine; Miss P. J. Abbott, county superintendent of schools.

A Halloween party will be given in September at San Mateo for the benefit of the federation.

Mrs. Dow of Lomita Park, was appointed chairman of kindergarten to fill the vacancy caused by the resignation of Mrs. A. Cooper of Menlo Park; Mrs. M. M. Bettenout of San Mateo was appointed recreation chairman and Mrs. Mae Lippman of Burlingame was appointed thrift chairman.

The president was instructed to appoint an advisory board of five with whom to consult in case of emergency.

The next meeting is to be held on third Friday of September at Pescadero.

### NIGHT SCHOOL CLASSES TO START SEPTEMBER 1

Night school classes will start at the local high school Tuesday evening, September 1, at 7 o'clock. The following courses will be offered: Commercial mathematics, citizenship, English, shop, auto repair and mechanical drawing.

### Entertain in Honor of Son

Mr. and Mrs. A. P. Scott entertained at dinner Friday in honor of their son, Robert's, sixteenth birthday. The evening was spent at the beach in San Francisco. Those present were Misses Isabelle Roeder, Margaret Cox, Sarah May Doak and Messrs. Murdoch Roeder, Maurice McNab, George Lundburg and Robert Scott.

### PART TIME ANNOUNCEMENT

All minors between the ages of 16 and 18, who are required by law to attend part time school four hours each week are requested to follow these rules:

Registration and arrangement for attendance must be made with Mr. Hunter at the South San Francisco High School Monday, August 31, at 4:15 p. m. Regular classes will be held Monday, Tuesday, Wednesday and Thursday of each week.

Employers are responsible jointly with the local high school for the enforcement of the law and should see that every minor has his work permit.

## Finance Company Is Organization Effected Here

Prominent Business Men Form California Finance Company for This City—Officers of Concern to Locate at 221 Linden Street.

Modern business requires specialization in capitalization and needs means of handling short time obligations that cannot, for obvious reasons, go through formal banking channels. For that reason several influential business men of this city have organized the California Finance and Loan Corporation of South San Francisco.

The new corporation places on the market for sale \$75,000 worth of preferred stock, non-assessable and free from personal taxes in California and from normal federal income tax. This stock is to be sold to local individuals who wish to participate in the company.

The finance company will be located at 221 Linden Avenue, where they will maintain offices elaborately furnished. The interior fixtures for this new business will be equal to those of the finest equipped banking institutions.

Recently a similar organization was instituted in Redwood City. It was readily backed by most of the influential men of that city. The local organization here has an equally strong personnel. Among this personnel are many of the oldest residents of South San Francisco. They are:

George W. Holston, president and director, is president of the Citizens National Bank of South San Francisco. He was formerly mayor of the city and has been a resident for twenty-one years.

Frank K. Towne, vice-president and director, is a resident of Redwood City, where he has lived for twenty-four years. He is vice-president and cashier of the First National Bank of San Mateo County at Redwood City; vice-president and cashier of the San Mateo County Savings Bank of Redwood City and vice-president of the Industrial Finance Company of Palo Alto.

H. F. McNellis, secretary and director, is mayor of South San Francisco and is with the Western Pipe and Steel Company. He has lived in South San Francisco fifteen years.

Hugh McCaffrey, president of the South City Grading Company, and a city trustee, is treasurer and director. He has lived in South San Francisco for sixteen years.

B. H. Truax, director, is chief of the South San Francisco fire department. He is in the real estate and insurance business and has lived in South San Francisco fourteen years.

Edgar H. Lewis of South San Francisco is a director. He has lived in South San Francisco for sixteen years and is Chevrolet agent for northern San Mateo County, with salesrooms in South San Francisco and San Bruno. He is a partner in the South City Grading Company. He is assistant treasurer and assistant secretary of this corporation.

H. A. Cavassa, director, is vice-president of the Citizens National Bank of South San Francisco, president of the Peninsula Drug Company (with stores in Burlingame, South San Francisco, Colma and Daly City), former president of the Merchants' Association of South San Francisco and has resided there for twenty-five years.

John F. Davis, director and general counsel, is city attorney of South San Francisco, former city attorney for Burlingame, and has been a resident of Burlingame for fifteen years.

E. A. Hettinger, a resident of Palo Alto for thirty-eight years, is a director. He is president of the Industrial Finance Company of Palo Alto and president of the Native Sons' Hall Association there.

H. A. Cavassa is trust officer; Citizens National Bank of South San Francisco, depository; John F. Davis, general counsel; George W. Holston, H. A. Cavassa, James C. Wallace, Sr., B. H. Truax, Hugh McCaffrey and A. P. Slichter, executive committee.

## Drive Should Net Increase Local C. of C. Membership

Teams Started Work Last Tuesday—Many Have Already Signed to Support the Chamber This Coming Year—Support of Every Business Firm Needed.

### \$1,000 SUBSCRIBED FOR S. S. F. FLOAT

Following the appropriation of \$300 by the city trustees for a float to be used in the Diamond Jubilee parade, \$700 more was subscribed by local industries and businesses. Plans for a most impressive float are being formulated.

It is expected that the float will typify "Industry." A large wagon, drawn by a tractor will be the base of the display. On the wagon, a miniature factory, with smoke pouring from its chimney and glowing furnaces, will be placed. On the four corners of the float tentative plans call for four of the "most husky workmen" with sledges and anvils. Power for lights will be generated on the float.

## Better Drainage Is Discussed At Joint Meeting

At a meeting held at the Cypress Lawn chapel Tuesday, by invitation of Mayor Jensen of Lawndale, delegates from Lawndale, South San Francisco, the South San Francisco Land and Improvement Company, Spring Valley Water Company, Market Street Railway Company, the state highway commission, the Southern Pacific company and other property holders, it was decided to get action of some kind on the drainage of the Colma Creek territory. County Engineer Kneese pointed out the great danger of overflow should we have an unusually wet winter.

Supervisor Hickey acted as chairman. It was the unanimous opinion of all present that a drainage district should be formed. On suggestion of Colonel Skeggs of the state highway commission, City Attorney Davis, attorneys representing the two railroads, the Spring Valley Water Company and an attorney representing the South San Francisco Land and Improvement Company were to hold a meeting as soon as possible to go into the legal aspect of a district assessment plan. Engineer Kneese, La Gree and Colonel Skeggs were named as a committee on the engineering feature of the district. The engineers immediately on adjournment went over the ground to see what immediate work should be done for protection for this winter.

It was conceded by all that not later than next summer a wide, adequate canal should be dug to carry off the storm waters.

### BOY IS INJURED IN ACCIDENT

Robert Duncan of Grand Avenue is in the local hospital suffering from injuries which he received Friday evening at 7:30 when he was struck by a machine driven by Mario Verna. Robert was riding his bicycle and was returning from a fire near Pine Terrace and Maple Avenue when he was hit by the machine and thrown over the automobile, striking his right arm and head, causing a fractured arm, lacerations of the head and his left leg was broken in two places, causing a compound fracture.

After the accident he was immediately picked up by Mario Verna and taken to the hospital and latest reports are that he is doing as well as could be expected.

Nothing was left of the bicycle.

William Jessup, who is with the United States fleet in Australia, will leave for San Pedro August 25 and is expected to spend the month of October with his family in this city.

Committees and teams appointed by the directors of the South San Francisco Chamber of Commerce launched a membership drive last Tuesday morning. Business houses not holding memberships in the organization were listed and these lists were turned over to the team captains.

It was decided at the meeting of the directors Thursday evening, August 20, that the drive should be made on business houses and individuals to gain their support.

"The Chamber of Commerce is, through the publicity that is being given South San Francisco in newspapers throughout the state, drawing attention of industries and business to South San Francisco," says the report of the directors.

"The chamber recently located a substantial industry in this city, which is giving employment to South San Francisco people and bringing money here.

"The chamber is in contact with nine other industries and is lending every effort in locating them here. The work of the chamber in 1925 stands out and is recognized by not alone those in South San Francisco, but throughout the Bay District particularly, and in the interior and other parts of California," the report of the directors states.

Funds are need to continue this work. The possibilities of South San Francisco must be compiled and presented to prospects looking for locations.

The committees and team captains, as appointed by the directors, are:

North Side of Grand Avenue: A. J. Eschelbach, captain; F. A. Cunningham, C. B. Hodgkin, O. B. Hempstead, W. H. Dinning.

South Side of Grand Avenue: H. L. Haaker, captain; Dr. J. C. McGovern, F. J. Lautze, Enrico Rosetti.

## CHURCHES

One of the leading drawing cards in any community is its churches. South San Francisco can well be proud of its church facilities.

Sunday marks another step in community progress, in community betterment. The St. Paul's Community Church is a credit to South San Francisco—and it becomes a part of this city at its dedication.

The homeseeker, when he contemplates moving to a community, always inquires as to the school and church facilities. South San Francisco has both. Excellent schools and with its other prosperous churches can be proud to tell of the new St. Paul's Community Church.

## CHAMBER OF COMMERCE vs. BUSINESS

A concerted attack on business men and citizens of South San Francisco was launched last Tuesday morning. Little effort should be needed to put the South San Francisco Chamber of Commerce membership drive over with great credit to our city's loyal citizens.

No organization in a community is more worthy than a chamber of commerce. It works incessantly for making a better city and a bigger city. Without dropping its oars, this organization strives to bring more industries to our city.

We have, without doubt, factory sites that are wanted by big industry, but big industry has no way of learning of these sites only through the publicity of the chamber of commerce. Also, industry, before expending vast amounts of money to locate their producing plants, must have facts and figures. Who is going to compile these facts and figures if the chamber of commerce doesn't—and who is going to present them?

For this reason alone, you should be a faithful member of the local chamber. More industries mean greater population, better business, assured prosperity.

If you are not a member, or if you have failed to get behind and shove, put your shoulder to the wheel now. SUPPORT YOUR CHAMBER OF COMMERCE and greater things will come to South San Francisco. Sign a membership card now.

## In a Hundred Years the Unification of the Human Race Will Be Complete

By E. E. FOURNIER d'ALBE, in "Quo Vadimus?"

ALREADY the earth is a network of lines and cables, linking continent to continent. Soon a speaker will have the earth for his sounding board and his hall of audience, and the privilege of addressing the human race will be prized above a coronation. Human sight and hearing will extend its range enormously, not only in space, but in time also.

Other progress will go hand in hand with the rapid development of signaling communications, such as telegraphs and the like. Transport of goods and passengers will gain rapidly in speed and comfort and safety until the whole earth becomes accessible to all. The tropics, original cradle of the human race, will be once more reclaimed from our most formidable enemies of the insect world and the ever-present bacterium. Everybody will be a globe-trotter, but the "globe" will not be confined to the ordinary tourist resorts. It will include every part of the world, even the poles. And wherever they go they will find friendly voices, long familiar in the home through the service of radio-telephony.

The unification of the planet which is being accomplished before our eyes will have some astounding consequences. Mankind will assume a definite mastery of his home in the solar system. In a hundred years the unification of the human race will be complete. The earth and the fulness thereof will be under the mastery of man. All animal, vegetable and bacterial life will be kept within strict bounds in the interest of humanity. The earth will be under one government, and one language will be written and understood, or even spoken, all over the globe. There will still be different races and perhaps allied nations, but travel and commerce will be free and unfettered, and calamities will be alleviated and dangers met by the united forces of mankind.

## Eighteen Years Added to the Average Duration of Life Since 1855

By LOUIS A. HANSEN, in Life &amp; Health.

In 1800 the average length of life in the United States was thirty-five years, in 1855 it was forty years, and in 1920 it was fifty-eight years. Eighteen years have been added to the average duration of life since 1855. From 1910 to 1920 the increase in the life span was four years.

It is generally considered that the larger part of the world's burden is borne by men above forty years of age. Thus in 1800 the average man died seven years before he reached the age of his greatest usefulness. In 1920 the average man lived eighteen years beyond this age.

In 1911 a death rate of 17 per 1,000 was generally accepted as normal. Deaths above this rate were considered abnormal or unnatural. In 1923 the rate was reduced to 12.3 per 1,000 for the registration area of the United States, and for 1924 the estimated rate is still lower, 11.6 per 1,000. Thus in a decade have standards had to change, showing a possibility in life-saving that is very remarkable.

## SEASONABLE GOOD THINGS

Just a plain apple pie is hard to beat for deliciousness, and if served with a bit of whipped cream stirred with grated cheese, is a delectable dessert. Apple pie is a la mode is so well-known and common that it need not be mentioned, yet any pie of fruit is especially good with a spoonful of ice cream. Try it on blueberry, it is superlatively good.

**Tomato Cocktails.**—Prepare six peppers by cutting off the stem end; remove the seeds and the white fiber. Peel four tomatoes, cut into halves and squeeze out the seeds; chop one onion fine, put in a small cloth, tie and wash, wringing out dry. Cut the tomatoes into cubes, add the onion and seasoning, fill the peppers and add French dressing. Dust the top with chopped parsley and serve.

**Fish Pulling.**—Free the fish from skin and bones and flake with a fork; there should be enough to fill a quart dish lightly pressed down. Make a soft custard with a pint of milk and the yolks of six eggs; while warm stir in one-fourth cupful of butter, salt, pepper and a tablespoonful of Worcestershire sauce or anchovy paste softened with a little hot water, and two tablespoonfuls of lemon juice. Pour into a baking dish after mixing well with the fish and bake in a slow oven. Any cooked fish can be used for this dish, but a steamed or boiled fish is especially good.

**Creamed Eggs With Onion.**—Fry two sliced onions in butter, but do not brown. Stir in one cupful of milk or cream and two tablespoonfuls of flour rubbed to a paste with a little of the cream. Season with salt, pepper, a bit of nutmeg, and when thick add eight hard-cooked eggs sliced. Heat thoroughly and serve at once.

**Mexican Eggs.**—Split three green peppers lengthwise and take out the seeds. Fry two minutes in very hot butter. Cook six thin slices of ham, place on buttered toast, lay the peppers over the ham and put a poached egg on each slice.

**Wheat.** 1,437,000 bushels, against 964,000; rye, 520,000, against 294,000; oats, 353,000, against 40,000; corn, 186,000, against 138,000; barley, 595,000, against 596,000.

## Why the "Golden Age" Is Never the Present

Dean William Ralph Inge, the most recent English visitor to look us over and tell us what he thinks of us, speaks about the "increasing stupidity of modern life." It would be interesting to learn just how such a thing can be judged. Did our forebears make no mistakes? Was life in the past, even a few years ago, less dull than it is now? Are there good signs showing that human beings are acting more like geese than they used to? It is a common habit to clothe the years that are gone with bright and shining garments. The golden age is never the present one and it will not come in the future. It has always been in the past. This is why regrets will be expressed until the crack of doom that people and life are not as they were once, even though there be 10,000,000 evidences of betterment.—Toledo Blade.

## Why We Should Walk More

Dr. Charles W. Elliot, president emeritus of Harvard, at a Boston luncheon to promote interest in conservation and protection of scenery, historical sites, wild life, forests and public reservations, declared the habit of walking is being lost or largely diminished today and urged that more people frequent the parks and public reservations, says the New York Herald-Tribune. Of a survey made of traffic passing his home on Brattle street, Cambridge, for periods of 15 minutes at four busiest times of the day, he read figures showing a total of 440 pleasure vehicles, 110 trucks and delivery wagons, 2 motor cycles and 53 pedestrians.

## Why He Wasn't Going

The sturdy individualism of the Scot was recently demonstrated at a revival meeting when the preacher, who felt that his words had produced the desired effect upon his congregation, requested all present who wanted to go to heaven to hold up their hands. The response was unanimous with the exception of one man. "Do you not wish to go to Heaven?" the preacher asked this man. "It's a' richt about going to Heeven," he replied; "but I'm na gaun wi a trip."

## Why Wires Hum

Humming of wires is caused by the wind. The wire has a natural frequency of vibration the same as a piano string, and the wind sets it to vibrating. The fundamental frequency is too low to be heard, but some of the harmonies are audible. The fundamental is given by the wire vibrating as a whole, the harmonies by the vibrating in sections; many of these are ordinarily set up at the same time.

## Why She Asked Pension Cut

The Glasgow (Scotland) city council granted a pension of 38 shillings (\$39.50) a week to a Highland widow. She moved to Skye with her five children. Now she has requested that the pension be reduced, saying that only two other persons there—a clergyman and policeman—were as well off as she.

## Why Lines Seem to Bend

That parallel lines may be made to appear convergent or divergent by means of oblique lines intersecting between them, called Zollner's lines, was demonstrated by Friedrich Zollner, the German physicist and astronomer.

News of Interest to All

The \$2,000,000 Southern Pacific tunnel driven through the Sierras near the summit has been completed. The tunnel is two miles in length and cuts off a high grade.

Sixty boys from the Chung Mei home for Chinese boys, located in Berkeley, who since last June have been picking berries at Sebastopol, have earned \$3,000.

The Clear Lake cannery at Upper Lake, Lake county, has completed a building which will be occupied by the 250 Chinese employed to pick the bean crop this year.

One of Alhambra's, Los Angeles county, oldest buildings, the Masonic temple, is undergoing extensive improvements, alterations consisting of an entire new front and other changes.

Awakened by the cries of her children, who became terrified when they were aroused by a huge cinnamon bear pawing at the window of their room, Mrs. Will Schorn of Willows shot and killed the animal.

The city of Pasadena will pay Mrs. Ruth Dees, widow of J. M. Dees, \$5,000. Dees fell from a light pole last April and was killed. At the time he was employed by the municipal power and light department.

Mrs. Mary Ellen Potter, a resident of San Diego county for fifty-five years, died at the family home at Julian. She is survived by a son, Charles W. Potter, and a daughter, Mrs. Hattie May Smith, of San Francisco.

Work on a scenic boulevard from Mill Valley through Muir Woods to the National monument will start immediately following the passage of an ordinance by the board of supervisors granting a license for the construction of a toll road.

During the fiscal year ending July 1, stolen property valued at \$174,000 was recovered through the aid of the state bureau of criminal identification and investigation, according to a report made public by C. S. Morrill, chief of the bureau.

Robert George, a local rancher, brought in the biggest deer ever shot in San Benito county. It weighed 185 pounds dressed, its antlers, 5-pointers, measured twenty-one inches from tip to tip, and were set twenty inches above the skull.

Hop picking in Sonoma county will start soon, but will not be general until September 1. The growers will pay one cent a pound for the harvesting of the blossoms. It is estimated that there are 15,000 bales of hops in this county this year.

United States Senator Hiram W. Johnson has arrived at Los Angeles for a two weeks' sojourn in southern California. He said that he had no special itinerary and had not arranged definitely for any public addresses while in the south.

Plans are being prepared by Architect Edward W. Cannon of Oakland for a fireproof school building for the city of San Leandro. It will be known as the San Leandro Junior High school and will cost about \$50,000. It will be of the English type of architecture.

A franchise to construct a bridge across San Francisco bay from Coyote Point to the Alameda shore was granted by the board of supervisors of San Mateo county. The contemplated bridge will be north of the Dumbarton bridge, now under construction.

The California Co-operative Cannery plant in Visalia has undertaken to process and can pears, this being the first time pears have been canned in Visalia. Twenty cars of pears were shipped here from the Sacramento valley and if the pack is successful, will likely be augmented next season.

Completion of the John Muir trail connecting Yosemite national park with Mt. Whitney, will be undertaken by the state highway commission in the near future. An appropriation of \$10,000 was voted by the last legislature to complete the trail and was signed by Governor Richardson.

Long Beach city council appropriated \$30,000 to the Santa Barbara reconstruction fund, thus going over the top insofar as its quota is concerned. The city's quota had been set in excess of \$32,000, but contributions previously made through various agencies added to the city contribution, completed the amount needed.

H. W. Catlin, Bakersfield aviator, and John Simpson, San Francisco, his pilot, had a narrow escape from death when their plane fell from a 10,000-foot elevation near Ransburg. The plane slipped into an air pocket and became unmanageable, Catlin stated. Neither pilot was injured in the crash, as the plane landed in the center of a large sand dune on the desert.

The area east of Famosa and Delano bids fair to open the district as a new Kern county oil field, perhaps the largest and richest in the state. Lease scouts and geologists representing the greatest powers in the oil world are turning with one accord toward the test well of the Chanslor-Canfield Midway Oil company, which is being drilled on section 20, 5-27, east of Jamine, in an effort to prove the territory. Twenty-four wells are contracted to be drilled if oil is found and the drilling of the test well is set to begin on or before December 31 this year.

Considerable interest has been aroused in Fresno by the announcement that the California gas research council and the state railroad commission are co-operating in an investigation of coal fields of Fresno county in an effort to determine the feasibility of manufacturing gas from the low grade coal. Considerable quantities of the low grade product underlie the foothills about five miles west of Coalinga, and other deposits are located in the Minarets in Madera county, according to geologists. A mine was opened near Coalinga about forty-five years ago, but was abandoned when it was found that the operations did not pay. The city of Coalinga received its name from the coal deposits nearby.

Word has been received from Bishop Patrick J. Keane of the Sacramento diocese of the Roman Catholic church, who is in Rome, that Pope Pius XI has elevated Rev. Thomas Horgan of Sacramento, Rev. Patrick Guerin of Marysville and Rev. Michael Klely of Roseville to domestic prelates with the title of monsignor. All three of the priests honored are well known in the Sacramento valley. Suitable ceremonies will be held on the return of Bishop Keane. The title of monsignor is an honorary one conferred by the pope. Usually it is given to priests who have distinguished themselves in church work.

A government building costing approximately \$3,000,000, in which will be housed all of the various federal offices and bureaus now scattered about the city is in immediate prospect for San Francisco. The building will probably be located at Washington and Sansome streets, site of the old appraisers' building, or at Pine and Sansome streets, present site of the 2-story sub-treasury building. The building would furnish between 125,000 and 150,000 square feet of office space.

**The Poor Family Man**

After a man has a sizable family of girls and boys half way through school he isn't much interested in gold mines or oil wells, except in dozen lots. He knows that no single gold mine or oil well would do him much good.—Kansas City Star.

# Spend Your Dollars With Your Neighbors

When you spend your dollars with your neighbors you are helping him and you are helping him to help you, but above all other things you are helping this, your town and community---the best town and community in the Golden State.

The dollars you spend at home---with your neighbors---are like bread cast upon the waters; it will return to you, greatly increased. Every dollar spent with South San Francisco merchants and business men is again spent and respend to the ultimate benefit of all.

By this method is built a bigger and better trading center and a foundation is laid down for your children and your childrens' children, which is a good cause and altogether worthy.

### A Warning

Beware of imitations, substitutions  
and misrepresentations!  
Any ice cream company, asserting  
a connection with the National Ice  
Cream Company is deliberately vic-  
timizing a credulous public.

There is only one National Ice  
Cream Company and no other ice  
cream company is, in any way what-  
soever, connected with it.

If a dealer states that he is selling  
a brand "connected with" or "the  
same as" National Ice Cream the pub-  
lic should be instantly upon an alert  
guard! A phone call to the Sales De-  
partment of the National Ice Cream  
Company will correct any false im-  
pression.

LOOK FOR the brilliant red and  
white signs, the only official colors  
of the National Ice Cream Company.  
A cautious public will ASK FOR

AFTER you signed up for Gas service  
the Company installed a Gas Meter on  
your premises to accurately measure and  
record the amount of Gas used.

The Company tests each Meter  
before installation to insure its ac-  
curacy. The Meter is further tested  
each time that it is, for any reason,  
removed from service. Each Meter  
that is removed passes through the  
Meter shop and is tested before it is  
restored to service.

Whenever a meter is found to be

### Chiesa-Coscoe Wedding In Solemnized In S. F.

The wedding of John J. Chiesa and  
Lena Coscoe was solemnized last Sun-  
day afternoon at St. Peter and Paul's  
Church in San Francisco. The re-  
siding priest officiated. The maid of  
honor was the bride's sister, Anita  
Coscoe, while the bridegroom was Alvin  
Chiesa, brother of the groom.

The wedding was attended by  
friends and relatives of the two.  
Chiesa is well known in South San  
Francisco, being employed in the  
Bank of South San Francisco, while  
his bride is a San Francisco girl.

After the ceremony the newly  
wedded couple left for their honey-  
moon, visiting places in the vicinity  
of Santa Cruz and Monterey counties.  
They will reside in South San Fran-  
cisco on Grand Avenue.

### WESTERN MEAT COMPANY EMPLOYEES WILL GIVE PICNIC

The employees of the Western Meat

## The Real Secret

Bishop Waldorf said in an address  
in Wichita:

"In their success talks to Young  
Men's Christian associations some of  
our millionaires enunciate rather anti-  
Christian views.

"In a recent talk of this kind an  
aged millionaire said earnestly:  
"I tell you, young fellows, in this race  
for success, it ain't enough to know  
how to push yourself along—you got to  
know how to push the other fellow  
out o' the way."

## Not to Blame

Surgeon General Ireland of the War  
department was discussing the refor-  
mation of drug victims.

"To reform these people is a diffi-  
cult thing," he said. "Whenever I  
look at a collection of drug victims,  
with their sensual mouths and weak  
chins, I can't help thinking of the  
Chinese proverb:  
"Rotten wood can't be carved."

### THOUSANDS OF ORDERS PROVE POPULARITY OF THE NEW BUICK

The real test of a car's popularity is sales. Now that the first great rush to see the new Better Buicks for 1926 is over, and the Buick dealers have had a chance to count up orders, the real proof of the public's tremendous expression of approval of the new Buick model is apparent. All records have been broken for orders taken on new models, according to Joseph D. Alturi, manager of the Colma Motor Car Company, Buick dealers.

Similar reports come in from all over the state and nation. More than 15,000 orders were taken for the new Buick models in all parts of the country on the first day the new line was publicly shown, according to estimates made at the Buick factory, from telegraphed reports dispatched by distributors and dealers in all sections.

Fortunately, comments Mr. Alturi, the Buick factory is prepared to meet the demand and production schedules have been increased to the maximum to hasten early deliveries. The Buick factory is working at capacity and will continue on this basis for many months to come.

"A particularly gratifying feature is the tremendous number of repeat orders that are coming in from former Buick owners," Mr. Alturi says. "The percentage of these orders is higher

this year than ever before in our history and constitutes a remarkable tribute to the satisfaction Buick cars have always given their owners. Motorists know they can rely on Buicks.

"Then, too, the present new low prices are so attractive that there can be no reason for further delay on the part of anyone considering the purchase of a new car. The public has been quick to appreciate the many important improvements in the 1926 Better Buick—improvements that increase the power, efficiency, economy and long life of the car—and motorists everywhere appreciate the great values that Buick is today offering at unprecedented low prices."

### 300,000 COINS FOR JUBILEE SOUVENIRS

Only 200,000 persons out of California's four million population will be privileged to carry down through the years a souvenir the unique half dollar which has been coined by the United States to commemorate California's Diamond Jubilee year.

Three hundred thousand is the limit placed by the government on the number of the coins that may be minted. And of this total, one-half already has been distributed to purchasers in the state.

Because of this condition, the Diamond Jubilee committee today issued a statement urging the public to place orders for the souvenirs at once. Orders may be filled through local bankers or with the committee at 546 Phelan Building, San Francisco.

The half dollar is typical and emblematic of California. On one side is the figure of the California bear, which has been a symbol of the state's liberty since it proclaimed itself free of Mexican rule in 1846. On the reverse side is the figure of the '49er panning gold, symbolic of the pioneer influence which initiated the state's later development to the great commonwealth which it is today.

The coin has its historical and sentimental value. At the same time it has its intrinsic value, for as the years pass it will become more rare and in greater demand.

Until after the Diamond Jubilee celebration, which will center in San Francisco from September 5 to 12, the coins will be sold for \$1, and the sale will assist in defraying the expenses of the great statewide festival. Scores of banks, industrial concerns and mercantile houses already have filed orders for thousands of the coins, and the jubilee committee urges that the public lose no time in placing additional orders with local bankers.

All souvenir coins remaining unsold the night of September 12 will be returned to the mint for recoinage as regular half dollars.

### Is Your License Plate Properly Installed

If your front license plate is installed on the road between the headlights be sure it is tight and that it does not swing back against the radiator. If it is loose the vibration will wear the thin metal in the radiator core and cause a leak, according to the free emergency road service department of the California State Automobile Association.

### Shift Gears by "Feel"

Gear shifting is largely a matter of "feel." A skillful driver has an almost uncanny sense of touch, enabling him to change gears quickly and silently, according to the free emergency road service department of the California State Automobile Association, which says it is a good idea to practice double shifting. After the car has been started in low, release the clutch, shift to neutral and engage the clutch, release it again and then shift to second. This maneuver properly executed invariably produces a silent shift.

### Keep Water Out of Gasoline

Water in the gasoline is not an infrequent occurrence. It is indicated usually when the engine runs irregularly, back fires and finally stops, according to the free emergency road service department of the California State Automobile Association. Drain the vacuum tank and carburetor occasionally to eliminate water which has collected in them.

### Lengthens Life of Top

To lengthen the life of the top on your car you can cover the bow where it chafes the top lining with a piece of carpet or some thick material that will cover the heads of the tacks, according to the free emergency road service department of the California State Automobile Association. It is not necessary to remove the top; loosen it and then tip it back.

September 6 is to be Church Sunday for all American Legion post in California. The World War veterans have been asked to attend church services on this date and to arrange for participation in local church services at that time.

## Colma Whist Party Is Great Success

Last Wednesday evening a very successful whist party was held in Masonic Hall, Daly City, and sponsored by El Carmelo Parlor No. 181, Native Daughters of the Golden West. Mrs. Edward Bauer was chairman of the committee, which was composed of the newly installed officers of the parlor.

Before the whist an interesting meeting was held, when plans for the September 9 parade, during the Diamond Jubilee festival, were discussed. A huge basket, filled with groceries, was raffled and won by Mrs. Greene of Colma.

The following received honors at whist: Mr. H. Devine, Mrs. Arnold, Mrs. J. Witt, Mrs. McCarthy, Mrs. Gouin, Mrs. Julia Sturla, G. Mazetti, ... Berne, Mrs. Elsie Fuchs, Mrs. J. Uhren, A. A. Ranenbere, Tom Harrison, Mrs. Jack Dennis, Mrs. William J. Reid and Hedwig Pappas.

The next of these enjoyable affairs will be held the third Thursday of September in Masonic Hall.

The drill team of El Carmelo Parlor No. 181, Native Daughters of the Golden West, will not practice several times a week, as the day of the competitive drill in which they are to take part is drawing near. These girls have been practicing a very short time, but Drillmasters Collins and Bracken and others who have seen their work believe that they are justified in entering this event, which will take place at the San Francisco Civic Center Sunday, September 6. A number of San Francisco drill teams have been entered in this event. The girls will wear colorful Spanish costumes in keeping with the Diamond Jubilee celebration, of which this is a part.

## S. San Francisco Wins Achievement In Its Problems

General approval is being accorded the plan for meeting the peninsula transportation problems, as presented by the transportation committee of the South San Francisco Chamber of Commerce on July 27 in the report of Louis C. Mullgardt, details of which were published in The Enterprise issue of July 30.

As far south as San Jose the plan has been referred to all city governments and civic organization and a large number of San Francisco bodies have heard the details in full.

The approval with which the Mullgardt report has met lends faith to the hope that the different interests involved may be lined up for a thorough study of the possibilities offered, with the ultimate end that something tangible for this much needed relief may be the fruition.

Copies of the report have been submitted to the following organizations and municipalities, accompanied by an explanatory letter over the signature of Vice-President A. McSweeney of the South San Francisco chamber: Peninsula Chambers of Commerce, Federated; San Jose Chamber of Commerce, San Mateo County Women's Club, Mountain View Chamber of Commerce, Palo Alto Chamber of Commerce, Redwood City Chamber of Commerce, San Carlos Chamber of Commerce, Three Cities Chamber of Commerce, Burlingame Chamber of Commerce, Burlingame Exchange Club, San Bruno Chamber of Commerce, Colma Improvement Club, Group No. 3, California Bankers' Association, board of supervisors, San Francisco, mayors of San Jose, Mountain View, Palo Alto, Redwood City, Atherton, San Carlos, San Mateo, Burlingame, Hillsborough, San Bruno, Daly City and Lawndale, California Development Association and the San Francisco Chamber of Commerce, Down Town Association, Mission Street Merchants' Association, Southern Promotional Association, Exchange Club, Public Spirit Club, California Bankers' Association, Travelers' Protective Association, Building Owners' Association, Commonwealth Club, Restaurant Association, Merchants' Trade Association, Motor Car Dealers' Association, Central Council of Civic Clubs, California Automobile Association, California Hotel Association, Pacific Coast Electrical Association.

Mr. McSweeney's letter invites careful consideration of the plan and asks co-operation of the bodies addressed and places the chamber's transportation committee at the service of any who signify a willingness for deeper insight. The communication follows: "Attached is report of our transportation committee and Mr. Louis C. Mullgardt's report. We ask your earnest consideration and for the purpose of our record, advice as to the action of your body. "Our transportation committee is at your service and it will undertake to arrange with Mr. Mullgardt to present and illustrate his plan to your body. "Our transportation committee is composed of (1) the heads of some of our most successful industries that are manufacturing the materials that are being used in the construction of the great buildings of San Francisco and the Pacific coast; (2) the president of our banks; (3) our leading merchants, and the manager of our chamber, who is a transportation man,
